

## **Palm M50X to DB9M Cable IM** **Model 9MPUC**

### **Description**

The B&B model **9MPUC** is a 3 foot cable with a male DB-9 on one end and a Palm universal connector on the other. The 16-pin connector on the Palm side is compatible with Palm universal hand held units.

The cable is configured as DTE, the opposite of typical Palm cables that allow backing up of data through the serial port of a PC. This means that it will plug straight into any DCE configured RS-232 port. TX, RX, DTR, RTS, CTS, and Ground are supported.

### **DB9 Male Connector Pins and Signal Direction**

<b>DB9 Male Pin DTE</b>	<b>Signal</b>	<b>Signal Direction</b>
1	N/C	
2	Receive Data	Input
3	Transmit Data	Output
4	Data Terminal Ready	Output
5	Ground	< >
6	N/C	
7	Request to Send	Output
8	Clear to Send	Input
9	N/C
