

## **DIN Rail Mountable DB to Terminal Block Adapters** **Models DR9FTB, DR9MTB, DR25FTB and DR25MTB**

Make wiring in an industrial cabinet a cinch with these DB to terminal block adapters. Connections can be made easily and quickly without special tools. Install them once--then you can replace components with a simple unplug/re-plug, rather than tediously unfastening and refastening numerous wires individually to terminal blocks. Their compact size and DIN rail mountability is perfect for that wiring area with limited space.

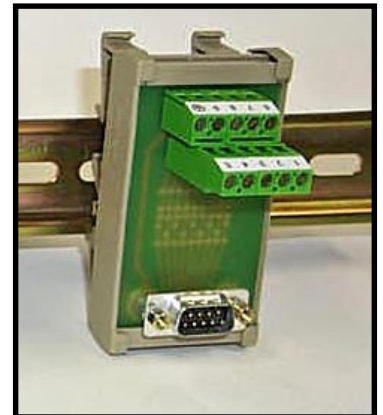

Each pin on the DB connector has a corresponding terminal block that is marked. In addition an extra terminal block is provided that connects to the shield of the DB connector (used for grounding purposes). The DB connectors accept the industrial standard 4-40 locking screws.

**Model DR25FTB**

### **Specifications**

Dimensions: 2.9 x 1.3 x 2.1 in (7.4 x 3.3 x 5.5 cm) (DR9FTB and DR9MTB)  
2.9 x 2.8 x 2.1 in (7.4 x 7.1 x 5.5 cm) (DR25FTB and DR25MTB)  
Housing: Plastic  
Mounting: 35 or 32mm DIN Rail  
Terminal Blocks: Up to 14 AWG (Compression Clamp Terminal Blocks)  
Voltage Rating: 125 VAC, 150 VDC  
Current Rating: 1 A  
Weight: 1.9 ounces (DR9FTB and DR9MTB)  
3.8 ounces (DR25FTB and DR25MTB)

**Model DR9MTB**

**DR9FTB..... DIN Rail Mount DB9 Female to Terminal Block Adapter**  
**DR9MTB..... DIN Rail Mount DB9 Male to Terminal Block Adapter**  
**DR25FTB..... DIN Rail Mount DB25 Female to Terminal Block Adapter**  
**DR25MTB..... DIN Rail Mount DB25 Male to Terminal Block Adapter**
