p: 949-465-3000
f: 949-465-3020

This document certifies that B&B has taken necessary steps to comply with the Restriction of Hazardous Substances (ROHS) directive 2011/65/EU.

As per the directive, the maximum concentration values of the restricted substances by weight in homogenous materials are:

Lead	0.1%
Mercury	0.1%
Hexavalent Chromium	0.1%
Polybrominated Biphenyls	0.1%
Polybrominated Diphenyl Ethers	0.1%
Cadmium	0.01%

Besides material declarations and written assurances from our suppliers on purchased parts, we also guarantee the raw parts that B&B make in-house and which are used on our RoHS products do not contain any of the six restricted substances above the limits set by ROHS directive 2011/65/EU.

B&B Electronics has taken all reasonable steps to maintain relevant documentation on in-house parts regarding the absence of restricted substances.

Sincerely,

David McDonald | Quality Engineer
